

Reclaps[®]

Let's green protect

**RECYCLE TODAY, FOR A
BETTER TOMORROW**

Best of Natural

Reclaps is a mission to maximize resource value, while minimizing -and even eliminating- environmental impact so that both our economy and our environment can thrive.

Creating & implementing Creative solutions for better waste management, while advocating best practices for sustaining resources

Reclaps is a dream venture of entrepreneurs and has a clear vision of zero garbage State. We have extensive expertise and experience in solid waste management projects. Our Recent studies and research on escalating garbage issues at Panchayaths, blocks, municipalities, shops,merchants etc.. level led to think more about changes we need in methodologies in collection, disposal, segregation and recycling of different types of solid waste management systems. We have necessary infrastructure including machineries to recycle the solid waste scientifically and we carry out the project in compliance with relevant provisions of law in respect of the waste management.

A WORLD WITH A ZERO WASTE

01. OUR TRUST AREAS & PROJECTS

- ◆ Waste Auditing
- ◆ Commercial Waste Disposal
- ◆ Extended Producers Responsibility
- ◆ Products Destructions
- ◆ Zero Waste Events

02. WASTE AUDITING

Partner with clients to assess the quantum of waste generated in the clients site.

Proposing improvised, innovated solutions for better waste management, compliant with state and central government regulations.

We work with hotels, restaurants, hospitals and clinics, apartments, RWAs, industries, Coporate offices, Self-Government bodies.

03. COMMERCIAL WASTE DISPOSAL

Collect & Transport
Material Recovery facility
Recycler & End user
